The interment was at New Albany.

OLDTIME ODDFELLOWS.

DeKalb Lodge of This City Has Seven Fifty-odd Year Members.

In Louisville a few nights ago gold medals were presented to Messrs. John Hambrick and George Wilson, members of Lorraine Lodge of Oddfellows, because of their having been members of that Lodge for fifty years.

In its account of the very pleasant affair The Louisville Evening Post says Lorraine is the only Lodge in the state that has two fifty-year members.

The LEDGER begs to disagree with its esteemed contemporary, and points to the fact that DeKalb Lodge No. 12 of this city can boast that record all to pieces, and then some.

DeKalb has seven members, all in good standing, who have been members more than fifty years and three of them close on to sixty years.

Below is given the names of these members, date of initiation and their term of service in the Order:

	Admitted	Years
Theodore B. Brickle	March 22, 1842	58
S. Cooper	March 22, 1842	58
Richard Dawson	March 22, 1842	58
William H. Campbell	Oct. 22, 1844	56
T. C. Campbell	April 19, 1850	50
William Davis	April 25, 1840	60
William F. Rees	March 7, 1850	50

The LEDGER believes it can pit this record against that of any other Lodge in the state.

MASON'S DOCTORS.

Their Regular Monthly Meeting Wednesday an Interesting One.

The meeting of the Mason County Medical Society Wednesday was most encouraging in every regard to the earnest members laboring to place it upon a merited high plane. The attendance of regular and honorary members from the county was gratifying, among the number being Drs. Hunter of Washington, Smith of Dover, Huddleston of Murphysville and Irvine of Tollebore. Visitors from the city included Judge Cole, Dr. Williams and Prof. Kay. The visitors were no less welcome than the members. Whilst the organization in its methods is, of course, strictly professional, the public good through individual well being is essentially an objective point—the citizen with his household the beneficiary of most professional effort. All that tends to personal hygiene or general sanitation is food for earnest thought to the medical man. All such should be made familiar to the masses, that they may be educated in advance of needed reforms. To popularize medical teaching in a measure, to apply wholesome hygienic laws in home and public life through at least a rudimentary knowledge of them and free from taint of questionable purpose, is one aim of the home Society. With such a mission a popular attendance upon its proceedings is not only acceptable but earnestly solicited.

The leading feature of Wednesday's meeting to the professional man was the interesting and instructive exhibit in microscopical of Dr. Harry K. Pangburn of Chicago. The demonstrations took wide range, embracing most pathological conditions ruling in frequency and interest, and were conducted with the skill and clearness coming of native capacity and thorough training. It is simple justice to say that for careful technique in preparation of specimens and scientific presentation of pathological facts the work of Dr. Pangburn, as presented to the Society, would do generous credit to any expert specialist of the present time. The Society manifested its appreciation by a vote of thanks to the Doctor and his election as Medical Correspondent.

The next regular meeting will be Wednesday, July 25th, attendance at which is earnestly requested of every well-wisher of the Society, professional or otherwise.

Many women fail to digest their food, and so become pale, sallow, thin and weak while the brightness, freshness and beauty of the skin and complexion departs. Remedy this by taking Hoeft's after each meal, to digest what you have eaten. Price, 50 cents. J. Jas. Wood & Son.

The work of refitting the Clerk's offices and putting in the steel fixtures and marble floors was begun yesterday.

The heirs of Francis Piles have sold their interest in 236 acres to H. M. and W. E. Piles, the consideration being about \$6,500.

James M. Fronk, a member of Company E, Sixteenth Kentucky, and one of Bracken's most respected citizens, died near Brookville this week, aged about 60.

Mr. Robert Ficklin received a letter this morning from the authorities in charge of the sunken Dick Brown stating that his wife's trunk had been recovered, and that it was thought its contents were not damaged to amount to anything. Up to yesterday evening only the trunk had been recovered, the two large boxes remaining in the wreck.

To save mending, avoid breaking, and to avoid suffering, prevent coughs and colds by the timely use of Ballard's Horehound Syrup. It is a safe, sure and swift remedy for all bronchial ailments. Price, 25 and 50 cents. J. Jas. Wood & Son.

STOCK TOO LARGE TO MOVE.

We are positively offering goods at prices that I will guarantee lower than can be had anywhere. My entire stock at sacrifice price. We have two reasons for the sacrifice. We don't want expense of moving stock. Secondly, we will need a large amount of money to pay for our new building.

MURPHY, the Jeweler.

NEW CATHOLIC CHURCH.

Something of the Building to Be Erected in This City.

Through the courtesy of the Rev. A. T. Ennis, THE LEDGER is able to give to its readers the first glimpse in detail of the magnificent new Roman Catholic Church, which is to occupy the site of Captain Jacob Miller's office, Mrs. Wood's boarding-house on Third and the present Pastorate residence on Limestone.

In a few weeks workmen will raze to the ground all the buildings enumerated save the old Church, which will be changed from its present form into a school containing four rooms on the ground floor; on the second floor will be a hall to be occupied by the Societies of the Church and for entertainments which may be given.

Connected with it will be baths and a gymnasium, and the building will be complete in every particular, the improvements to cost about \$1,000.

On the corner of Third, where 'Squire Miller's office now is, the Pastoral residence will be erected immediately, in order to allow workmen to tear down the old residence, which stands on the line of the new edifice.

The residence will cost \$5,000, will be two stories and complete in every way. The Church proper will face 60 feet on Third street, running back 119 feet to the North wall of the old building. It will be of brick with stone trimmings.

The foundation will be begun this fall and will rest for the winter, and in the early spring the public laying of the cornerstone will occur, the Right Rev. Bishop Miles of Covington officiating. Great preparations will be made for bringing to Maysville the Church Societies of Covington, Paris, Lexington and Ashland.

When completed the Church will seat 800, having a main aisle through the center, with an aisle on either side. In the rear will be a gallery in which the organ will be placed and to be used by the choir.

The walls of white will be left until thoroughly settled before being frescoed, and the building throughout will be lighted by gas and electricity and heated with the latest system of furnaces.

The cupola will rise to a lofty height and will have a place for a bell, the money for which—\$500—was left by the late Mr. J. J. Mullins some years ago.

When completed the edifice will cost \$24,000, plans having been prepared by Mr. Coquard, a famous architect of Detroit, Mich., who is now constructing the Covington Cathedral.

Some \$13,000 have already been raised by members of the congregation for the work, and so much encouragement is being shown that deferred arrangements for building are now being hastened.

The genial Pastor, Rev. A. T. Ennis, deserves all credit for the movement toward building the Church, and is to be congratulated upon the consummation of his hopes.

Rev. A. T. Ennis, Chairman; John T. Short, M. J. Donovan, John M. Hunt, John Kain, M. A. Swift, John V. Dea, John F. Moran, Geo. M. Diener, Frank Stahl, Thomas Mackey and Patrick Comer compose the Building Committee having charge of the work.

NEW PLEASURE BOAT.

Unique Pleasure Craft Constructed by Dr. Edwin Matthews.

Dr. Edwin Matthews is a most ingenious person and had he turned his mind to a trade rather than a profession he would undoubtedly have outshone himself.

He has just completed a bed-tick canoe, evolved from his mind and made with his hands. It is a most unique pleasure boat and when set up is 11 feet 4 inches long, 41 inches wide and 17 inches deep.

Folded it is 6 feet long, 20 inches wide and 10 inches deep, and weighs 75 pounds.

In construction, the bottom is formed of two latticed pieces converging from the center to pointed ends; two ribs in four sections meet in the middle and are clamped; the skeleton can be placed in position and the canvas, which is made impervious to water by a covering of beeswax and turpentine, adjusted in about fifteen minutes, requiring no tools whatever.

The canoe will hold four persons and only one oarsman is needed.

Dr. Matthews and a few friends will go a-camping after July 10th for a stay of ten days and it was for this purpose he built the craft.

Mrs. Johanna Hayes, aged 75, died Wednesday at Paris.

The Regent of the Valentine Peers Chapter of the Daughters of the American Revolution will be glad to have every Daughter meet with her on Saturday afternoon, June 30th, at 4 o'clock. Business of importance.

Quick Relief for Asthma.

Miss Maude Dickens, Parsons, Kans., writes: "I suffered eight years with asthma in its worst form. I had several attacks during the last year and was not expected to live through them. I began using Foyle's Honey and Tar and it has never failed to give immediate relief." J. Jas. Wood & Son and Armstrong & Co.

SECRET SOCIETIES.

Does It Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boechie's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by J. C. Peacor.

.....The celebrated Egyptian Ring, guaranteed to cure rheumatism.

.....Your money back if it don't cure.

BALLENGER, Jeweler and Optician.

All those in favor of organizing a Bill Taylor Club in this city are requested to meet at No. 206 Sutton street at 7 o'clock Saturday night.

Question Answered. Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by J. C. Peacor.
